### **Reasons for Allowance**

Applicants' response to the last Office Action, filed November 29, 2004 has been entered and made of record.

The following is an examiner's statement of reasons for allowance:

Independent claims 1, 7, 11, 17, 21, 27 and 28 are allowable over the prior art of record. Claims 2, 4-6, 8-10 and 29, 30, 12, 14-16, 18-20 and 31, 18-20, 22, 24-26 and 32 depend from claims 1, 7, 11, 17, and 21 therefore, are allowed.

Independent claims 1, 7, 11, 17, 21, 27 and 28 recite the limitations of : selecting a correction value from among a plurality of different absolute values to correct the quantization indices by adding or subtracting the selected correction value to or from values of the quantization indices. The combination of these features as cited in the claims in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

The closest references of JP 112661161A to Andrew and US 6459816 to Matsuura et al. discloses a method adding a predefined correction value to quantization indices for decoding. However, he does not teach the limitations of above.

In view of the amended claims and the Applicant's arguments , the rejections to claims 1-2, 4-6, 8-12, 14-16, 18-22, 24-26 and 28 are expressly withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
